

**GEMINI next Generation,
the house for the consistent
“NO THANKS!” man.**

Self-exploitation, no thanks!
Operating costs horror, no thanks!
Risk of loss, no thanks!
Giving up dreams, no thanks!
poverty in old age, no thanks!
Being tied to a place, no thanks!
Extreme craft prices, no thanks!
Oil crisis, no thanks!
Extreme electricity prices, no thanks!
Blackout, no thanks!
Lightning damage, no thanks!
Freezing to save, no thanks!
Freezing, because of technical failure, no thanks!
Sweating or even heat death, no thanks!
Passive House, no thanks!
Disease due to air conditioning, no thanks!
Hay fever, no thanks!
Shoveling snow, no thanks!
Throw away due to lack of space, no thanks!
Moldy and rotten in the cellar, no thanks!
Fire disaster, no thanks!
Become a victim of a nuclear accident, no thanks!
Become an earthquake victim, no thanks!
Building shame, no thanks!
Being an environmental pig, no thanks!

This was the 25 entries long “no thanks” list for the house buyer. But there is also a long list for politics:

Failing in the energy transition, no thanks!
Breaking the Paris Climate Agreement, no thanks!
Fail in CO2 reduction, no thanks!
To be considered a climate failure, no thanks!
More soil sealing, no thanks!
Unstable power grid, no thanks!
Enormous increase in electricity prices, no thanks!
Loss of competitiveness, no thanks!
Increasing social security charges, no thanks!
Extreme social expenditure due to housing costs, no thanks!
Social unrest over housing costs, no thanks!
Social unrest due to housing shortage, no thanks!
Pessimistic society without perspectives, no thanks!
Fear of the future, no thanks!
Mass emigration, no thanks!
